News of Petersburg

Times Dispatch Bureau,
109 North Sycamore Street,
Petersburg, Va., Dec. 12.

Mr. William H. Scott, 1140 known and most respected citizens, died about 2:30 o'clock this morning in his residence on Adams Street, of heart trouble. Though he had been complaining for some little time his death came unexpectedly. Mr. Scott was eighty years old. For a great many years he was engaged in the retail drug trade in this city, but latterly had retired from active business. His walk through life was that of an upright Christian gentleman, and he enjoyed the respect and confidence of all who knew him. Mr. Scott served gallantly throughout the War Between the States, and made a splendid record as a soldier. He was a member of A. E. Hill Camp of Confederate Veterans. The funeral will probably take place on Wednesday.

Mr. Scott is survived by twelve children, as follows: William Everett Scott, of Philadelphia; Waverly H. Scott, of Richmond; H. Scott of Weldon, N. C.; Mrs. R. P. Nance, of Eufaula, Ala.; Misses L. V. M. P. and H. F. and Messrs. Arcey F., Arthur N., Horace H. F. and Herbert F. Scott, of Petersburg.

Farmer Injured.
Mr. Fred Lang, a farmer of Prince George county, near Abington, was quite severely injured yesterday by his horse falling and throwing him. He was taken to several places about the head and otherwise hurt.

TAX NOTICE.
Office Collector of City Taxes, Room 7, First Floor, City Hall, Richmond, Va., Dec. 1, 1908.

NOTICE TO TAXPAYERS.
THE LAST HALF OF CITY TAXES, REAL ESTATE AND PERSONAL FOR 1908, IS NOW DUE AND PAYABLE at this office.

EVERY MALE twenty-one years of age and EVERY person keeping house or doing business in the city, is assessed for personal taxes. Those who have not paid their taxes during the year will please call and settle so as to avoid being posted as delinquents.

GRADING, PAVING, PIPE AND SEWER CONNECTION BILLS are also due, and will have to be paid on or before end of year.

FIVE PER CENT. will be added to last half if not paid on or before DECEMBER 31ST.

Interest at SIX PER CENT. also attached to all bills as soon as reported delinquent.

Particular attention is called to the above, as under an ordinance passed by the City Council there can be no avoidance of the penalty.

FRANK W. CUNNINGHAM, Collector of City Taxes.

POWER BIGGEST FACTOR IN ALL COMPETITION.

Manufacturers Everywhere Reducing Cost of Production by Using Cheapest Power Obtainable.

The time has passed when manufacturers depend on rebates as a means of heating out their competitors and gaining control of the market. So long as competition lasts, the manufacturer will be a struggle between manufacturers for the lion's share of business. At present the aim of every manufacturer is to produce as cheaply as possible, and the one coming nearest to producing any article at a minimum cost is the one that beats all his competitors in the market.

Power is the largest item, often next to labor, in producing anything. To-day every effort is being made to get the cheapest power possible. The head of every power using enterprise is constantly figuring on how to reduce the cost of his power. Everywhere possible electricity is taking the place of every other kind of motive power except water, because it is cheapest, safest and best.

When you figure what you pay for power, do you put down all the items? Operating Expenses—Superintendence, wages, engineers and engine attendants, fuel, cost of removing ashes, water for boiler, repairs to engines, repairs to boilers, repairs to dynamos, repairs to belting, repairs to steam pipes, repairs to hydraulic elevators, repairs to pumps and miscellaneous machinery, incandescent lamp renewals, are lamp carbons, are lamp globes, are lamp repairs, miscellaneous expense, waste, packing, etc., insurance, fire and boiler.

Fixed Charges—Interest on plant investment, depreciations on plant investment, cost of fuel, cost of water supplied by plant, decreased rental value of space made less desirable by heat of plant in summer, taxes on plant, risk through accident.

By "Superintendence" we mean the time of the head of the firm, or his principal assistant, the engineer, the man who looks after the purchases for the plant, the man who looks after the other ways, devote time to it. It is really the time that they would earn you, in other directions, a larger return.

Figure out all these items carefully and add up your company's cost of electricity. If it is not then it is time for you to adopt this power and beat him in business.

Electricity is the Virginia Passenger and Power Company, as well as power engineers of the company, will call on you, and if they can't prove to your satisfaction that electricity is best in every respect, then don't change.
